

EssilorLuxottica

WORLDWIDE LEADER IN FINISHING SYSTEMS

From In-Office Finishing to High-Volume Labs

- ▶ **Experience** — Celebrating 70+ years of best-in-class R&D and manufacturing of lens finishing systems
- ▶ **Quality** — ISO 9001-certified, Essilor Instruments performs quality-control procedures at all stages of the manufacturing process
- ▶ **Service** — All services performed by Essilor Instruments certified technicians

Edging Systems for the Office

DELTA SERIES

Reinvent Simplicity for You

- Compact all-in-one
- Ideal for practices with space and/or budget constraints
- Also for offices with less demand
- Optical tracing with an option to add mechanical tracing
- Delta 200 and Delta 300 configurations
- Flexibility to add a TESS tracer for remote tracing to a lab

ES™ 700

Master Your Edging

- Composed of the ES 700 edger and TCB 800 automatic tracer-centerer-blocker
- Reaching position with ease
- Swift accuracy on all mountings
- New era of user-friendly and intuitive edging
- Absolute axis control

ES™ 800

Reveal Your Creativity

- Composed of the ES 800 edger and TCB 800 automatic tracer-centerer-blocker
- Perfect solution to demonstrate your craftsmanship
- Unique personalized eyewear styles with the M'EYE CUSTOM web app: M'Eye Sign, M'Eye Shape, M'Eye Clip

NEKSIA V2 SERIES

Ignite Your Productivity

- Mid-range robust and high-performing edging system
- Simple, reliable, and highly-affordable
- Automatic blocking with TCB 800 and manual blocking with Neksia tracer
- High curve with Neksia 550 and Neksia 650
- Drilling available with Neksia 600 and Neksia 650

ES™ 700M

Master Your Edging with Hybrid Version

- Composed of the ES 700M edger and TCB 800
- Dual technology combining milling and grinding
- Capable of securing hydrophobic or delicate lenses
- Reducing the smell for mid- and high-index materials
- Diminishing lens swarf and water consumption

ES™ 800M

Reveal Your Creativity with Hybrid Version

- Composed of the ES 800M edger and TCB 800
- ES 800M has a dual technology that combines milling and grinding to secure edging and minimize axis deviation risks
- Perfect solution to demonstrate your craftsmanship
- Unique personalized eyewear styles with the M'EYE CUSTOM web app: M'Eye Sign, M'Eye Shape, M'Eye Clip

Edging Systems for the High-Volume Lab

ES PRO™ 700M

Elevate Your Edging Standards

- Robust in-lab finishing solution to boost your productivity and expand your lab's capabilities
- Combines accuracy, utility, easy integration, and reliability
- Edging time reduced by up to 41%
- Milling time reduced by up to 57%
- Water consumption reduced by as much as 66%
- Easy calibration and maintain with ease for maximum uptime

ES PRO™ 800M

Supercharge Your Edging System

- A cutting-edge in-lab finishing solution to boost your productivity and maximize your lab's offerings
- On average 25% faster vs. PRO-E™ 600/700
- Master Half Jacket® sports frame mountings
- Maintain attractiveness and safety even with a "thick" lens edge
- M'Eye CUSTOM web app to showcase customization possibilities

Here's What Our Customers Are Saying About Us

“ We have thoroughly enjoyed our **Essilor Instruments edging systems**. They are easy to operate and our technicians mastered them fairly quickly. Our Essilor Instruments sales manager was and is very supportive to our needs, concerns, and questions. We have not had a need for technical assistance but we are comfortable with knowing they probably will be there if the need should arise.

Great job to Essilor Instruments for creating equipment that offers valuable rewards and returns. Our in-house lab has been a wonderful asset for our bottom line but more importantly, it has improved our patient satisfaction immensely! Thank you!

Special thanks also to our Essilor Instruments sales manager for helping us make the right choice! ”

The Optical Shop of WA Inc., Shelton, WA

“ The **Neksia™** has completely changed the way our lab operates. The speed and efficiency of the Neksia system has allowed us to double our lab's output. The Essilor team that installed the Neksia was second to none. They had the unit installed and had us completely trained in just a few hours. This speaks to the knowledge of the sales manager and also to the ease of the Neksia system. ”

Practice Manager, Alma, GA
