

Ready for Smart Eyewear?

With Essilor edgers, you can edge prescription smart glasses in-store quickly and accurately.
Ask us how.

Transform a complex process into
a simple, guided workflow.

In-Store Autonomy

One Click

Precision Fit

Premium Results

Essilor ES range edgers feature an advanced automated beveling process that perfectly matches the Smart Glasses frame geometry, eliminating manual adjustments and trial-and-error for a perfect fit every time and safe process.

Fully integrated into the ES and ES PRO edgers.
