

EPI-C PLUS[®]

LIGHT THERAPY SOLUTION

An all-in-one powerhouse with both
OPE[®] IPL and LM[®] LLLT

2 IN ONE
IPL + LLLT in a single device.
No coupling gel required.

% 100% CASH-PAY
A new revenue stream.
No billing, accelerated ROI.

Why practices are adding light therapy now

- ✓ Addresses the root cause. OPE IPL and LLLT target the periorbital inflammation - not just the symptoms.
- ✓ Keep the revenue you're referring out. Patients typically purchase 3-4 sessions, then move to annual maintenance.
- ✓ Stand apart locally. Offer a treatment the practice down the street doesn't have.
